## Britney Spears, One kiss from u

I'm dreaming of one kiss from you

A love long and true

We'll go on and on and...

I don't wanna hear that I'm too young

To know it's love that makes me feel this way

'Cause I don't have to feel the heat of the sun

To know it's shining on me every day

When it's warm outside

And the look in your eyes

Is longing to show me the way

I don't want to wait

Just one kiss from you and suddenly

I see the road laid out in front of me

You give me strength, you give me hope

And when you hold me in your arms

You make me whole

And I don't know just what I would do

Without one kiss from you

I don't wanna hear my time will come

When it feels like it's already here

We should learn to walk before we run

But why go anywhere when you're so near

'Cause when I reach out to you

So sad and confused

And feeling like I could cry

You dry my eyes

Just one kiss from you and suddenly

I see the road laid out in front of me

You give me strength, you give me hope

And when you hold me in your arms

You make me whole

And I don't know just what I would do

Without one kiss from you

I'm dreaming of one kiss from you

A love long and true

We'll go on and on and...

I'm looking for one kiss goodnight

To last all my life

On and on and...

Just one kiss from you

(I'm dreaming of a one kiss from you)

And suddenly

(A love long and true)

I see the road laid out in front

(We'll go on and on...)

Of me

You give me strength

(I'm looking for one kiss goodnight)

You give me hope

(To last all my life)

And when you hold me in your arms

You make me whole

(We'll go on and on...)

Just one kiss from you

I'm dreaming of one kiss from you

A love long and true

(On and on...on and on...)

We'll go on and on and...

I'm looking for one kiss goodnight

To last all my life
