Britney Spears, Phonology

We're no so different you and me Cos we both cherish ??? above sanities And everybody's got some freaky tendencies Hidden or admit cos we all got needs. And I make no apologies I'm in to phonography And I like my bluetooth Buttons coming loose I need my handsfree Then I let my mind roam Playing with my ringtone He got service I got service baby we could talk all night Go Let's talk about biology Make believe you're next to me Phonography phonography Talk that sexy talk to me. Better make sure that the line is clean Keep it confidential you and me Phonography phonography Baby, talking call it's phonography Hey! I can follow all your commands But there will be no talk of adding you to my plans I'll keep you connected long as you understand That's how we should keep it Mr. Telephone Man. And I make no apologies I'm in to phonography And I like my bluetooth Buttons coming loose I need my handsfree Then I let my mind roam Playing with my ringtone He got service I got service baby we could talk all night Go. Let's talk about biology Make believe you're next to me Phonography phonography Talk that sexy talk to me. Better make sure that the line is clean Keep it confidential you and me Phonography phonography Baby, talking call it's phonography Hey! Baby if you're not alone take Me off speakerphone. What I'm 'bout to say right here's just for your ears to hear. If you need to hit me back Hit me back I got a star sixty-nine ??? ??? Go. Let's talk about biology Make believe you're next to me Phonography phonography Talk that sexy talk to me. Better make sure that the line is clean Keep it confidential you and me Phonography phonography Baby, talking call it's phonography Hev!

```
(Phonography)
```

(Phonography) Go.
