

# Britny Fox, Closer to Your Love

B. Childs, T. Paris

Steal a feel of your love  
Because you give it to me  
Cold heart healed  
You spread your wings for me

Open arms wrap around  
You now it's dead and gone  
Change of weather I feel you now  
I finally see the sun

And I'm movin' closer  
Closer to your love  
Movin' closer  
Closer to your love

Nothin' more missin' now  
From our love in the past  
Feel you all closer to me  
We're gonna make it last

Open arms wrap around  
Holdin' back is dead and gone  
Change of weather I feel you now  
I finally see the sun...
