

# Britny Fox, Memorial

Childs/Paris

Too much forgotten  
And for much too long  
You stole my song  
It's gone

Where did all the time go?  
Where did all my friends go?

No day can pass without a thought  
Of you inside me  
It's as though you're still alive here with me

Where did all the time go?  
Where did all my friends go?

I won't forget you...
