He was smooth like a wave cat.  
Coolin' in his Ray Bands.  
Incognito in the back of the club.  
I almost passed him then he came back.  
Asked him to explain that.  
Who you hidin' from in the back of the club?

He said I 'm good tonight.  
Wasn't lookin' for nobody butcha looked alright.  
Won't you take a seat and let me get up in yo mind.  
Boy, you kinda turn me on.  
I hadta get that, sit back, then we had to check that.

(chorus)  
Uh uh ooo

So we speed off in yo viper.

It's like VIP for just you and me  
Seems like there's been no one else around us  
Since I met you
