

# Brooks & Dunn, She's Not The Cheatin' Kind

She's dressed to kill in a dress he bought her  
She wouldn't care if he walked in and caught her  
She's come to dance a dance or two  
And do no tellin' what by the time the night is through

She found out the hard way about him  
She's out to find out how she'll do without him  
Her hands are shakin', her heart's pounding  
By the way she's drinking his memory's drowin'

[Chorus:]  
She's not the cheatin' kind  
She's been cheated one too many times  
Oh, she's never fooled around  
'Cause he's still lyin' she's through cryin'  
She's not foolin' now

She walks by and every head turns  
You can see how hot her fire burns  
He didn't know what a good thing he had  
It's too late and that's too bad

[Repeat Chorus 3 times]
