

# Brooks & Dunn, Way Gone

Way gone for my sweet baby  
So strong and I don't mean maybe  
If I'm wrong then I don't know nothing  
'Cause I'm way gone for her sweet loving

Way gone she's my one and only  
So long to sad and lonely  
She waltzed into my world  
Now I'm way gone for my sweet girl

Oh if I'm half the man  
My sweet baby thinks I am  
I guess I better pack my bags  
'Cause I don't plan on coming back

Way gone and I've crossed over  
I'm lucky as a four leaf clover  
I don't want nobody to save me  
'Cause I way gone for my sweet baby

Oh if I'm half the man  
My sweet baby thinks I am  
I guess I better pack my bags  
'Cause I don't plan on coming back

Way gone she's a one-way ticket  
Rock on gonna get down with it  
Sweet lips and brunette curls  
Yes I'm way gone for my sweet girl

Way gone for my sweet baby  
So strong and I don't mean maybe  
If I'm wrong then I don't know nothing  
'Cause I'm way gone for her sweet loving

Way gone - for my sweet baby  
Way gone - and I don't mean maybe  
Rock on - Time to get down with it  
Way gone
