

Brooks & Dunn, You'll Always Be Loved By Me

I know forever is a long long time
For a girl to put her heart on the line
Trust is a tight rope we all have to walk
Baby don't be afraid I won't let you fall
With a little faith mountains move
You and me we can't lose

You can count on the sun to rise
And stars to come out at night
As long as there's air to breathe
You'll always be loved by me

Love comes so many times goes
So much out there we'll never know
Call it fate call it destiny
But I think we were meant to be
This old world it spins so fast
So many times they just don't last

You can count on the sun to rise
And stars to come out at night
As long as there's air to breathe
You'll always be loved by me

You can count on the sun to rise
And stars to come out at night
As long as there's air to breathe
You'll always be loved by me

You'll always be loved by me
