

Bruce Springsteen, Dream Baby Dream

Dream baby dream
Dream baby dream
Dream baby dream
Keep on dreaming
Come on baby, dream baby dream
Keep on dreaming
Come on darling, dream baby dream
Dream baby dream
Keep on dreaming
Come on darling, dream baby dream
Keep the light burning
Come on, keep the fire burning
Open up your heart
Come on, open up your heart
Dream baby Dream
Come on baby, keep on dreaming
Keep on dreaming
I just wanna see you smile
I wanna see you smile
I just wanna see you smile
Come on and dream baby dream
Come on darling, keep on dreaming
Yeah dream baby dream
Come on baby, keep on dreaming
Dry your eyes
Come on darling, dry your eyes
Keep the fire burning
Come on, keep the fire burning
Come on
Come on baby, dream baby dream
I wanna see your smile
I just wanna see your smile
I wanna see your smile
I just wanna see your smile
Come on and dream baby dream
Come on darling, keep on dreaming
Open up your eyes
Come on baby, keep on dreaming
Open up your heart
Come on, open up your heart
Let me see you smile
I just wanna see you smile
I wanna see you smile
I just wanna see you smile
Baby, dry your eyes
Come on baby, dry your eyes
And just keep on dreaming
Come on baby, dream baby dream
Girl, dream baby dream
Come on darling, keep on burning
Yeah keep on burning
Come on, open up your heart
Come on and dream baby dream
Come on baby, dream baby dream
Yeah open up your heart
I just wanna see you smile
I wanna see you smile
I just wanna see you smile
Come on and dream baby dream
Come on darling, dream baby dream
Open up your heart
Come on, keep the fire burning
Keep the fire burning
Come on baby, dream baby dream

Yeah keep on dreaming
Come on darling, dry your eyes
Come on and dry your eyes
I just wanna see you smile
I wanna see you smile
I just wanna see you smile
I wanna see you smile
Come on darling, dream baby dream
Come on, keep on dreaming
I just wanna see you smile
I wanna see you smile
I just wanna see you smile
Come on, dream baby dream
I just wanna see you smile
Come on, dream baby dream
I just wanna see you smile
I just wanna see you smile
I just wanna see you smile
Yeah, I'm gonna see you smile
Come on baby, dream baby dream
