Bruce Springsteen, Leavin' Train

When I asked you if everything is alright You whisper "Don't worry" and you shut out the light Now black is black in this bed we're laying And I wanna believe the words that you're saying

CHORUS But your eyes look like a leavin' train They keep on dragging me down Your eyes look like a leavin' train They keep on draggin' They keep on draggin' They keep on draggin' me down

Well I did anything just to try to get close to you I took it step by step like a man's supposed to Tell me now, is this my Is this my contrition To have the love that I longed for fill me with suspicion

CHORUS

Now it's tellin' time, oh my little sister Now can I believe the words, the words of love you whisper Is my train in vain, has my soul gone to waste Am I just a victim of, a victim of my lost faith
