

# Bruce Springsteen, Let's Be Friends

I been watchin' you a long time  
Trying to figure out where and when  
We been moving down that same line  
The time is now maybe we could get skin to skin

Don't know when this chance might come again  
Good times got a way of comin' to an end  
Don't know when this chance might come again  
Good times got a way of slippin' a-way  
Let's be friends, baby let's be friends

I know we're different you and me  
Get a diffente way of walkin'  
The time has come te let the past be history

Yeah, if we could just start talkin'

Don't know when this chance might come again  
Good times got a way of comin' to an end  
Don't know when this chance might come again  
Good times got a way of slippin' a-way  
Let's be friends, baby let's be friends

Do, do do doo do do do doo...

There's a lot of talk going 'round now  
Let'em talk you know you're the only one  
There's a lot of walls need tearing down  
Together we could take them down one by one
