

Bruce Springsteen, Say Sons

Well, I got a little girl down by the river
Now she keeps ? ? ? tight
I got a little girl, she every night

She says "i'm feeling like a wild, hands on ? ? ?
Then she keeps me all night.

So come on, down by the river
Come on, come on now.
Just come on, down by the river
It's alright.

Well baby, let me protect you little darling
If you let me ? ? ?
I know, if you'll just let me in.
Well, every day just brings in the same

But every night...? ? ?

Yes, come on, down by the river
Oh, come on, girl, it's alright.
Well, come on, down by the river
Hold tight.
