Bruce Springsteen, So Young And In Love

Bruce Springsteen - So Young And In Love

There's flying angels on your fire escape
They lie to your mama for you, try to keep you safe
You're with them fire alley virgins on a midnight vamp
Lost your heart on Main Streetto a beautiful tramp
You lost your mind
She's sent from above
We're so young and in love

So young and in love (4x)

Rat traps filled with soul crusaders
They're soppin' 'n' boppin' 'n' moppin' with Little Melvin and the Invaders
Missy's on the dance floor doin' her stuff
Leroy's dancin' doin' the continantal strut
Sent from above

So young and in love (4x)

Everybody's reelin' when the bands hits the ceilin' Don't you know you wanna go The kids start rockin' when the boys start knockin' And everybody wants to go Let's go!

Joint's shut down but you don't wanna go home You're in the shady side of town and you're all alone Papa's chewin' your ear off, you ain't got no cash Mama's chewin' your ear off 'bout hangin'out with thrash So fine, sent from above

So young and in love (4x)
