

Bruce Springsteen, That's What You Get

The moonlight dances on her face
I got my lips ????
I'm living the life of a lie
It was for me, for me that she died

That's What you get for loving me (repeated 4 times)

???? [whole line unintelligible]
True Love, unhappiness
I fall down on my knees and I cry
It's my way of saying goodbye

That's what you get for loving me (repeated 5 times)

The moonlight is ?? on the ???
As I ??? (into my?) head
And I, I'm gonna cry
It's my way of saying goodbye

That's what you get for loving me (repeat to fade)
