

# Brutha, I Can't Hear The Music

(feat. Fabolous)

[Fabolous]

Shawty you the one I give my air to.

Think they can turn the music up if they care to.

All I mite hear, is shawty rite here.

Her ass make room even in a tight pair.

And the truth is, I'm on top like a roof is.

Shawty try n to get where my bloothooth is.

But I get cocky on them though, and when they halla I get foxy on a hoe.

Yeah that mean I go deaf, my game so official it don't need no reff.

If you stop winnin', I stop winnin', like I'm in the club, and the DJ stop spinin.

Baby I can turn you on, while them other nigga's try n to learn the song

Its LOSO, in case you did'nt know so, can't hear haters cuz they talk low so.

[Brutha]

Unlike anything that I've ever seen

Like a face that been cut out a magazine,

And a body like a goddess

Got these dudes truing there hardest,

But it aint workin, ohhh ohh,

I just sit back and observe the way you move,

Something 'bout you make me wanna get to you, and then the lights go dim (yeah)

And then I get this feeling, ohhh,

[Chorus]

I can't hear the music (cuz I'm focused on you)

I can't hear the music (wen I'm dance with you)

I can't hear the music (feels like it just me and you, in here, nobody can hear)

I can't hear the music (cuz I'm focused on you)

I can't hear the music (wen I'm dance with you)

I can't hear the music (feels like it just me and you, in here, nobody can hear)

[Brutha]

Unlike anything that I've ever felt before,

When we laid eyes, I could see that there was something more,

She was sexy and so innocent, guilty and magnificent,

I knew that I had to have that girl,

There was a scilence that felt upon the club,

On comes the spotlight and all I could see was her,

We started moveing to a heart beat,

You became a part of me (a part of me)

Cuz,

[Chorus]

I can't hear the music (cuz I'm focused on you)

I can't hear the music (wen I'm dance with you)

I can't hear the music (feels like it just me and you, in here, nobody can hear)

I can't hear the music (cuz I'm focused on you)

I can't hear the music (wen I'm dance with you)

I can't hear the music (feels like it just me and you, in here, nobody can hear)

[Bridge]

Your so beautiful, like an angel on the dancefloor,

All eyes are on you girl,

Impossabul to make one,

Since I layed eyes on you,

I hope that I'm gon leave with you,

Your what I'm wishin for,

Cuz,

[Chorus]

I can't hear the music (cuz I'm focused on you)

I can't hear the music (wen I'm dance with you)

I can't hear the music (feels like it just me and you, in here, nobody can hear)

Nooo, I can't (cuz I'm focused on you)

Focused on youu (wen I'm dance with you)

Dancing with youu (feels like it just me and you, in here, nobody can hear)

I can't hear the music,

I can't hear the music,

I can't hear the music,

I can't hear the music,
