

# Bryan Adams, Nowhere Fast

We're always on the run these days  
We hardly have the time to say  
What matters most of all  
Ya you've always been the only one  
The only one to make me run  
Anytime you call  
Let's not talk about the future  
Let's not talk about the days gone past  
All this time - we've been runnin' round in circles  
I can feel a change a comin'  
And I know we're gonna make it last  
From now on - we'll be goin' somewhere slowly  
Instead of going nowhere fast  
When everything has come and gone  
We'll look back on this road we're on  
And see how far we've come (ya we've come a long way)  
Faster than the days go by  
I know we're gonna make them last  
Instead of goin' nowhere fast
