

# Bryan Adams, She Believes In Me

i'm tossing and turning and i can't get to sleep  
got something on my mind - i just can't release  
then she whispers so softly - that she believes in me

if i let her down - and tried to disguise it  
she always see through it always replies that  
no matter what i do - she believes in me

all the times i failed - gone slightly off the rails  
she's there to remind me - she believes in me  
when it all goes wrong and i feel i'm own  
she's there to remind me - she believes in me

don't get me wrong - i not some kind of fool  
i give her my world if she asked me to  
cuz here's no denying - she believes in me

but i'm only human - i'm just a guy  
that sometimes makes mistakes and i can't explain why  
some say crazy - but she believes in me
