

Bryan Adams, This Time

I think about her all the time
She's my fantasy
An image burnin' in my mind
Callin' out to me

While my imagination's runnin' wild
Yeah - things are getting clearer

This time everything is alright
No way she's gonna get away
This time everything is easy
Any day - I'm gonna make her mine

I've thought of every word I'd say
Give or take a few
But she turns and slowly walks away
What do I have to do

Hey - turn up your radio
Oh - there's somethin' I want you to know

This time everything is alright
No way she's gonna get away
This time everything is easy
Any day - I'm gonna make her mine

Well it's hard to take cause she's miles away
And I've waited a long time
But the feelin's right and darlin' one of these nights
Yeah - I'm gonna let you know

This time everything is alright
No way she's gonna get away
This time everything is easy
Any day - I'm gonna make her mine
