

Bryan Ferry, Shameless

I can read your lips
I can read your mind
It's all I want to hear
why am I so blind?

And the way we were
Fatefully entwined
In a shameless world
Rock 'n' roll desire

All the things you are
In a single word
Famously inspired
Privately absurd

And the way we were
Fatefully entwined
In a shameless world
Rock 'n' roll desire

And the days go by
Morning, noon and night
Permanently wired
To a simple life

And the way we were
Fatefully entwined
In a shameless world
Rock 'n' roll desire
