

Bryan White, You're Still Beautiful To Me

Turn out the lights and close the door
Put your head on the pillow
Let me keep you warm
I wanna run my hands across your face
Lyin' beside you is still the perfect place
We're still going strong
So glad that you came along
Babe in every way
You're still beautiful to me
I just have to say
You're still beautiful to me

Lay back baby and close your eyes
Let me do everything that your heart desires
When I think of the years making love to you
There still ain't nothing that I'd rather do
There's something I can't deny
You sure know how to move this guy
Baby in every way
You're still beautiful to me
I just have to say
You're still beautiful to me
(And it still feels good)
It still feels good,
It still runs deep
When you get close, babe
I still get weak
'Cause in these arms is where you belong
We're still going strong
So glad that you came along
Hey babe, you're still number one
Baby can't you see
You're still beautiful to me
You'll always be so beautiful to me...
