

BT, Loving You More

I'm loving you more than I ever have before
Soon the stormy clouds will pass over me
And the fear I hold inside will be no longer
Still it seems that love has taken so long
And the waiting is like a never ending heartache
Hey...

I'm loving you more than I ever have before
(I am loving you ...I am loving you more)
I'm loving you more than I ever have before
(I am loving you ...I am loving you more)
Endless nights and endless days with no one
The circles in my mind just keep on spinning
Could the winds of love be blowing my way?
Let's make the storms in my heart feel the sun
Sun...

I'm loving you more than I ever have before
(I am loving you ...I am loving you more)
I'm loving you more than I ever have before
(I am loving you ...I am loving you more)
I am loving you ...I am loving you more
(Endless nights and endless days)
I am loving you ...I am loving you more
(Endless nights, endless nights and endless days)
I'm loving you more than I ever have before
I am loving you (feel the sun)
I am loving you more (feel the sun)
I'm loving you more than I ever have before
