Buck-O-Nine, Falling Back To Sleep

Eleven O'Clock Too late for cartoons I'm going back to bed There's nothing to do I've got my dreams on my mind They seem so real I'm gonna try and bring 'em back Cuz they were sik as hell I was the first in line I had all kinds of time All the drags of the world Were far far behind I had a peaceful tone With everyone I know Didn't have to take a number Just to get a coffee

Here I go I'm falling back to sleep

Yesterday morning I slept until noon Cuz when I woke up at eight I wasn't done what I was doin' I had a dream going on It seemed so real So I fell back to sleep To have another feel

She wore a silky dress She wore her hair a mess When the time was right She didn't make me guess She had the Maxwell on It was her favorite song Not about to get up To see this moment gone

Here I go I'm falling back to sleep
