

# Buck Owens, Devil Like Me (Needs An Angel Like You)

Well a devil like me needs an angel like you to really tame me down  
Cause if this devil had an angel like you I'd stop my runnin' around  
I'd stay at home like a good man should and never ever make you blue  
Cause a devil like me needs an angel like you you bet your little hearty do

Well I never been one for steady girls I've always played the field  
This warning that warning ever other which one was just another spinnin' wheel  
But when you've walked in with your big green eyes  
And your pretty little dress of blue  
I knew a devil like me needs an angel like you you bet your little hearty do

[ guitar ]

Well if a devil me had an angel like you I'd change my reputation  
But a devil like me with a shady hairs ain't got no recommendation  
I give you real love true love a whole lotta sweet love  
And I make your every dream come true  
Yes a devil like me needs an angel like you you bet your little hearty do  
Well a devil like me needs an angel like you...
