

Buck Owens, In God I Trust

In God I trust to always give me faith
In God I trust to drive away my hate
To fill my heart with his forgiven love
Yes, I believe in him, In God I trust.

In God I trust to make me understand
In God I trust to always hold my hand
To lead me on and take me when he must
Yes, I believe in him In God I trust.

That he'll be there when darkness falls over me
To give me light and guide me through life's raging sea
And when this world becomes a worthless dust
I'll be with him above in God I trust.

I'll be with him above in God I trust...
