

# Buck Owens, Kickin' Our Hearts Around

Oh, let's stop kickin' each others hearts around  
It's not the thing to do  
Let's pick them up dust them off  
And start our love anew.

Let's be fair and let's don't dare  
To try to hurt the other  
Let's stop kickin' our hearts around  
And let's love one another.

We've said goodbye a thousand times  
Then made up again  
Always coming back for more  
To see which one will win.

I love you and you love me  
On this we can agree  
Let's stop kickin' our hearts around  
And go on lovingly.

Oh let's stop kickin' each others hearts around  
It's not the thing to do  
Let's pick them up dust them off  
And start our love anew.

--- Instrumental ---

You called me on the phone  
But I hung up on you  
Then I called back up to apologize  
For doing things I do.

You can't understand the things I do  
Or things I say  
And I can't accept the way you change  
From day to day.

Oh let's stop kickin' each others hearts around  
It's not the thing to do  
Let's pick them up dust them off  
And start our love anew...
