

Buckner & Garcia, Goin' Berzerk

I can move in eight directions,
Once I start I'm never done;
I can go from room to room,
I can crawl or I can run.

I can wander through the maze,
It's a wonderland at night;
I can stop and aim my gun
When there's a robot in my sight.

I can wander through the maze,
It's a wonderland at night.
I can stop and aim my gun
When there's a robot in my sight.

I think I'm goin' berzerk. I think I'm losing my mind.
I'm getting lost in the shuffle. It happens everytime.
I think I'm goin' berzerk. Would you like to come too?
I can't stop now, I'm addicted. I'm berzerk over you.

If we fight this thing together,
There's a chance that we might win;
Now here come Evil Otto,
Push the fire buttons in.

I'm sure he's crazy too,
Because he's bouncin' off the floor;
There's no way to destroy him,
Let him bounce right out the door.

Now here comes Evil Otto,
Push the fire buttons in,
If we fight this thing together,
There's a chance that we might win.

I think I'm goin' berzerk. I think I'm losing my mind.
I'm getting lost in the shuffle. It happens everytime.
I think I'm goin' berzerk. Would you like to come too?
I can't stop now, I'm addicted. I'm berzerk over you.

Berzerk, berzerk, berzerk over you.
Berzerk, berzerk, berzerk over you.
Berzerk, berzerk, berzerk over you.
Berzerk, berzerk over you.>
