

# Buddahead, When I Fall

Don't you know that I cried in silence.  
I was too afraid to be saved by the hands that held me.  
I waited without hope.

Without you I lose myself.  
I find it hard in cheap hotel with bleary eyes  
And no one knows it.

When I fall, When I lose my head,  
You're the one I call.  
When I fall, When I bleed,  
The one I need,  
You're the one I want,  
The one I call.

Can't you hear the voices humming madly  
Somewhere in my head?  
But instead of trying I'm just hiding.  
Lost in my regret.

Without you I lose myself.  
I find it hard in cheap hotel with bleary eyes  
And no one knows it.

When I fall, When I lose my head,  
You're the one I call.  
When I fall, When I bleed,  
The one I need,  
You're the one I want,  
The one I call.

I've dragged the past into the light.  
I want to leave it here.  
I've dragged the past into the light.  
Come take me away from here.
