

# Buddy Guy, Dedication To The Late T-Bone Walker

I got a cold, cold feeling, seems like ice all around my heart  
I got a cold, cold feeling, seems like ice all around my heart  
You know I'm gonna hurt somebody, every time that feelin' starts

I woke up early this morning, and I heard blue Monday call  
I woke up early this morning, and I heard blue Monday call  
You know I don't feel like it this morning boss, you know I don't feel like a thing at all

Just a little Buddy Guy

Oh, I could hear blue Monday callin', oh, but I'm so tired, I don't want you to call my name  
Oh, I could hear blue Monday, oh, I could hear you call my name  
You know I don't feel like it this morning big man, oh, you know it's a sin, oh, ain't it a shame
