

Buddy Guy, Please Don't Drive Me Away

Oh baby please
Don't drive me away
Please
Oh don't drive me away no
Though I love you want you by my side
My love for you I could never hide
If you love me won't you hear my plea
Put me on and that's the end of me
Please
Lord don't drive me away no

I've got a gal
I love her so
I never never never never never let her go no
Don't drive me away, hell
Please

Don't you drive me away no

I've got this girl
I love her so
I never never never never never let her go
Please
Don't drive me away no
Please
Oh don't drive me away no
No
