

Buddy Holly, Take Your Time

Take Your Time, I can wait
For all the love I know will be mine
If you Take Your Time
Take Your Time, though its late
Heart strings will sing like a string of twine
If you Take Your Time
Take Your Time and take mine too
I have time to spend
Take Your Time go with me through
Times 'till all times end
Take Your Time, I can wait
For all the love I know will be mine
If you Take Your Time
