

Budgie, Rocking Man

Just like a river, well i keep rolling along
Just like a singer, well i keep singing a song
And like a hobo, well i just ramble my way
Across a night time, behind the milky way
So if you see a sign of a rocking man
Look at what your doin'
I keep a flying, until i see light of day
And they are standing, until the band starts to play
And where were rolling, well i see, know what you mean
I know the feeling, well it is kind of a dream
Oh and if you see a sign of a rocking man
Look at what your doin'
Oh oh yeah
Just like a hammer, well i just hammer a song
It's like a boulder, and i just tumble along
I never worry about the things that i plan
I'm not a preacher, i'm just a rocking man
Oh if you see a sign of a rocking man
Look at what your doin'
