Mueren ya las ilusiones del ayer
Que saci con lujurioso amor
Y mueren tambien con sus promesas crueles
La inspiraci&ocute;n que un da te brind

Con candor el alma entera yo le di
Pensando nuestro idilio consagrar
Sin pensar que ella lo que buscaba en m
Era el amor de loca juventud

ENGLISH:

Dead are the dreams of days past
Which I fulfilled with lustful love
And dead is also with its cruel promises
The inspiration which once I offered her

Innocently I gave away my soul to her
Intending to consecrate our love
Without realizing that what she was looking for in me
Was the love of crazy youth
