

# Buffalo Tom, Impossible

One things for sure  
It's not the same anymore  
Close the door  
There's a wind coming in  
And if it's true  
I will believe in you, in you, in you  
And if it's true  
I will believe you, believe you  
That's what I will do  
And if your sure  
Say no more  
It's impossible  
It's impossible  
In and out  
I'm runnin out of time  
Friends of mine  
I feel like I'm getting old  
And If it's true  
There are some things that I must do  
Me and you  
Me and you  
And if it's true  
I will believe you, believe you  
That's what I will do  
And if you're sure  
Say no more  
It's impossible  
It's impossible
