

# Buffalo Tom, Larry

When I sleep is when you rise  
Get out of bed wipe the sleep from your eyes  
I shut my eyes - all the world drops dead  
Now's the time friend of mine  
With a passage to  
A passage from  
Your daily missal  
We taught that  
Cat to crawl  
When I sleep is when you rise  
Get out of bed wipe the sleep from your eyes  
My heart and soul are in your hands  
Now's the time friend of mine  
With a passage to  
A passage from  
Your daily missal  
We taught that  
Cat to crawl  
Now's the time friend of mine  
And now's the time friend of mine
