

# Buffalo Tom, Stymied

Broken

By words left unspoken

I thought you was joking

The words you say

Stymied

Please come untie me

You're lying right beside me

Don't lie to me

Lying

I caught you lying

You caught me trying

Don't let me catch you lying

Lazy

Open up the daisies

And lay my so lazy soul to sleep

Hoping

I was not joking

Was merely choking

The words got caught

Lying

You caught me lying

I caught you trying

Don't let me catch you lying

Lying

I caught you lying

You caught me trying

Don't let me catch you lying

Lazy

Daisy

Lazy

Daisy

Lazy
