Buffy, First Love

Girl it felt Like I had you in my arms Well maybe I didn't Maybe I'm just thinking about you

I guess it's cause You're the first I've ever had And I can't forget you now Boy, I can't forget you

CHORUS

You're my first love You're the only one I've ever loved You're my first love You're the only one I've ever loved

The first time that I saw you You had a flower pinned in your hair You had such a pretty face And your smile it was always there

Well this was my first love And maybe it was yours It doesn't really matter now Boy, I just wanted to let you know

CHORUS

You're my first love You're the only one I've ever loved You're my first love You're the only one I've ever loved

BRIGDE

I'll never forget the first time I saw you, You had the sweetest smile (the sweetest smile, only you) And all I can think of is How I can make you my guy (make you mine, my first love)

CHORUS

You're my first love (boy you have my heart)
You're the only one I've ever loved (to kiss to touch to hold you close)
You're my first love (my first love)
You're the only one I've ever loved 2X
