Buffy, I'll Remember You (From The Episode Age

It's day break And you are asleep I can hear you breathe now your breath is deep But before I go i look at you one last time I can hear a heart beat Is it yours or is it mine?

I look at your lips I know how soft they can be Did they know what they wanted The times they kissed me?

and your hands I held in mine now there up-posed on a pillow will they ever miss me some time?

CHOURS: I'll remember you You will be there in my heart I'll remember you That is all that I can do But I'll remember

Your eyes They always make me shiver now they are closed they just sometimes twitch a little

And your body I can hold for an hour It sent me to hea-ven with it's speed and power

CHOURS: X2
