

Buffy, Keep Myself Awake

I hate to talk like this,
I hate to act as if-
There's somethin' wrong that I can't say.

I have this dream at night,
Well, almost every night-
I've been dreamin' it forever,
It's easy to remember it:

Chorus:
It's always cold,
it's always day,
You're always here,
You always say:
I'm alright,
I'll be O.K,
If I can keep myself awake...
(keep, keep, myself, awake.....)

I get up early, I,
Look around me-
I can't help but wonder what you mean.
'Cause when I'm sleepin', I'm,
So deep in it-
it's so much more real to me,
It's closer than reality:

Chours:
It's always cold,
It's always day,
You're always here,
You always say:
I'm alright,
I'll be O.K,
If I can keep myself awake

Keep, keep, myself, awake, (4 Times)

I get up early, I,
Look around me, I'm,
Buyin' coffee by the pound.
'Cause when I'm sleepin', I'm,
So deep in it,
I can't, Keep myself awake

Keep, keep, myself, awake, (4 Times)
