

# Buffy Sainte-Marie, Up Where We Belong

Who knows what tomorrow brings  
In a world where few hearts survive.  
All I know is the way I feel  
If it's real I'll keep it alive

The road is long  
And there are mountains in our way  
But we climb a step everyday

Love lift us up where we belong  
Where the eagles cry on a mountain high  
Love lift us up where we belong  
Far from the worlds we know  
Up where the clear winds blow

Some hang on what used to be  
They live their lives, looking behind.  
When all we have is here and now  
All our lives up there to find.

The road is long  
And there are mountains in our way  
But we climb a step everyday

Love lift us up where we belong  
Where the eagles cry on a mountain high  
Love lift us up where we belong  
Far from the worlds we know  
Up where the clear winds blow.

Time goes by  
No time to cry  
Life's you and I  
Alive. Today.

Love lift us up where we belong  
Where the eagles cry on a mountain high  
Love lift us up where we belong  
Far from the worlds we know  
Up where the clear winds blow. x 2
