

Building 429, Show Me Love

Verse 1

Love is patient love is kind
You love me and You don't mind
That I'm not so perfect
You know I'm undefined

My actions fail to show
But in spite of me you seem to know
That I only want to love you
I don't mean to be so cold

Pre-Chorus

My words have cut You to the bone
But my heart still longs for you alone

Chorus

Show me love, show me life, give me time
Because I want to shine in spite of who I am
Show me love, give me time
Because I want to shine in spite of who I am

Verse 2

I know by you I am justified
But still I can't find the line
Where my works will match my faith
And I'll lay myself aside

My actions fail to show
But in spite of me you seem to know
That I only want to love you
I can't make it on my own

When my mind denies the love I know
My life sends nails through your bone

Chorus

Show me love, show me life, give me time
Because I want to shine in spite of who I am
Show me love, give me time
Because I want to shine in spite of who I am

Bridge

I can't define Your love but I need it I need it yeah
I can't give enough of me but You want it so I'll give it
I don't deserve Your love but I have it, I have it now

Chorus

Show me love, show me life, give me time
Because I want to shine in spite of who I am
Show me love, give me time
Because I want to shine

Chorus

Show me love, show me life, give me time
Because I want to shine
Show me love, show me life, wait, give me time

Because I want to shine in spite of who I am
