Tanta teoria perdida em suas aes
tudo muito bonito mas no pra aplicar na sua vida
Respeito e apoio mtuo tem que entrar na prtica assim como tantas outras coisas que voc diz acreo

Parece que todo mundo t brincando fazendo peso pro barco afundar
E a gente se desgastando achando que voc se importa, mas voc s&#oacute; est procurando o

"Podem tirar a nossa vida mas no a nossa liberdade!"
Pena que voc precisa ser chicoteado para ver que no passa de um escravo
Pena que voc precisa ser chicoteado para se sentir no direito de lutar...

So much theory lost in your actions
They are very nice but not to aply in your own life
Respect and mutual support need to be practised just like many other things in wich you say you b

It seems everybody is just fooling around, wanting the boat to sink
And we, working hard, thinking that you care, but you are just filling up your free time

"They can take our lives, but they can't take our freedom!"
It's a pity you need to be whipped to see you are just a slave
It's a pity you need to be whipped to feel you have the right to fight...
...and to revolt!!!!
