

# Bullet For My Valentine, Disappear

Once again, the same things on your mind,  
Increasing pulse of what goes on inside!  
Will you pay for what you've done?  
Hatred!  
Paybacks such a bitch, her vengeance haunts you!

[Pre-Chorus]  
So what's wrong tough guy, why the tears?  
You drove me to this, now you disappear!

[Chorus X2]  
Now all those acts repaid!  
Your turn to be afraid!  
Not longer, almost done,  
Oh God, just what have I become?

You try to fight, you only make things worse,  
Screams of agony upon a verse!  
Now you're begging for your life!  
Breathless!  
All the times I've bled, my vengeance takes you!

[Pre-Chorus]  
[Chorus X2]

Your sweetest dreams into fears!  
It's almost done, they're almost gone!  
Our darkest days, they fade away!  
It's almost done, they're almost gone!

[Breakdown X4]  
Hey!

[Pre-Chorus X2]  
[Chorus X2]  
(Now!)

Yeah!
