

Bullet For My Valentine, Seven Days

(Here it comes again!)

Yeah!

Want it
You don't want it so why do you crave it?
Seven days till it comes to torture you
Nothing left
You can't say no to this one thing!

You've had it all given to you!

Fuck it
If you want it, why don't you get it?
Better days that hold you from nothing
Why is it
You can't say no to this one thing!?

You've had it all given to you
You never had to work at all before!

I never meant it
I never felt it
I'm never taking back a single word I've said!

I'll never take it back now
I never mean it
I'm never taking back a single word I've said!

Want it
You don't want it so why do you crave it?
Seven days till it comes to torture you
Nothing left
You can't say no to this one thing!

You've had it all given to YOU!

Fuck it
If you want it, why don't you get it?
Better days that hold you from nothing
Why is it

You
Just
Cant
Say NO!

You've had it all given to you
You never had to work at all before!

I never meant it
I never felt it
I'm never takin' back a single word I've said!

I'll never take it back now
I never mean it
I'm never takin' back a single word I've said!

(Interlude)

I never meant it
I never felt it
I'm never takin' back a single word I've said!

I'll never take it back now
I never mean it
I'm never takin' back a single word I've said!
