

# Bullets And Octane, Sweet Dreams

Look in my eyes... they tell a little story  
i could never tell

well she, she dont know what i could never mention  
the things i do when shes sleeping soundly  
well she, she dont know aint gonna fuck with you..  
sweet little dreams my darling  
sweet little dreams tonight

look in my eyes i got no fucking answers  
sweet little dreams my darling  
sweet little dreams tonight  
all tucked away  
it seems im never sleeping  
sweet little dreams my darling  
sweet little dreams tonight

i cant keep you safe from anything but

look in my eyes  
sweet little dreams my darling  
sweet little dreams tonight  
it seems im never sleeping  
sweet little dreams my darling  
sweet little dreams tonight
