

Burn Season, Carry On (Demo Version)

Maybe
I can't fake
One more smile for you

And lately
It's not enough
It's never enough for you

So you can go on
And you can leave me
Take what's yours
And believe what you want to

Carry on, carry on
Leave this behind.
Carry on, carry on
Leave this behind.

Don't want to walk around like this

Carry on, carry on
I'm worthless

It's likely
You'll fake
Another smile for me again

It's time you figured out
The way things
Have got to be now

So you can go on
And you can leave me
take what's yours
And believe what you want to

So you can go on
And you can leave me
Take what's yours
And believe what you want to

Carry on, carry on
Leave this behind.
Carry on, carry on
Leave this behind.

Don't want to walk around like this

Carry on, carry on
I'm worthless

What we need
I can't remove
But
You don't feel the same as I do
I
I guess I'll turn my head away

Carry on, carry on
Leave this behind.
Carry on, carry on
Leave this behind.

Don't want to walk around like this

Carry on, carry on
I'm worthless
(Go on, Leave me)
Carry on, carry on
Leave this behind.
(I don't, Believe what you want)
Carry on, carry on
Leave this behind.
(Go on, Leave me)
Carry on, carry on
Leave this behind.
(I don't, Believe what you want)
