

Burning Heads, Dedication

200 percent, straight to the wall,
we're going fast, but not alone.
today is your last chance,
to start the dance,
since tomorrow is gone.
it's a song for:
the stars so bright,
trees in amazonia,
ice in the mountains,
cows in the field,
for the air and the sky,
the night when the moon shines,
the smile of a child,
true piece of mind,
sidewalk surfers,
downhill riders,
autumn flowers,
cool vibes to share,
for the rockers in the place,
and the love we made,
for the freedom soldiers,
freedom fighters,
200 percent, straight to the wall,
we're going fast, but not alone,
tomorrow's gone.
for the good time we had,
paradises losts,
true freedom of speech,
the wind of the coast,
dedication.
