Burt Bacharach, In The Darkest Place

In the darkest place
I know
That is where you'll find me
Even though you didn't have to remind me
I shut out the lights
Your eyes adjust
They'll never be the same
You know I love you so
Lets start again

Since you put me down
It seems
I've been very gloomy
You may laugh, but pretty girls look right through me
They don't sense the faintest glimmering
That is the torch I bear
There's light enough for me to find my way

But I only have to tell myself that by now You could be with someone else Is there light beneath your door and Laughter from within?

Do your friends come around Saying, "Try to find another lover"? He won't love you like I do

In the darkest place I'm lost I have abandoned every hope Maybe you'll understand I must Shut out the light

Your eyes adjust They'll never be the same You know I love you so Lets start again

Do your friends come around Saying, "Try to find another lover"? He won't love you like I do

In the darkest place That is where you'll find me In the darkest place That is where you'll find me
