

# Burton Cummings, Friend Of Inertia

I got the rest of my life to be cool  
Aaahhh....the rest of my life to be cool

I got the end of my life to be old  
Aaahhh....the end of my life to be old

So I am takin' a flier on havin' you change me,  
Keepin' my sights set on upward and onward  
Tryin' to make me a friend of inertia  
Big fascination with what I been given  
Big fascination with just bein' down here  
So I'm tryin' to make a friend of inertia...

Never wanna be acted upon  
Aaahhh....don' wanna be acted upon.
