

Burton Cummings, One And Only

Don't want much,
Just a hand to hold to give me grace growin' old as I slow down
Midnight touch
To say "You'll be all right, you're gonna make it through the night for the go-round."
Watchin' what you've been doin'
Reminding me of that lady I once knew
I'm lookin' for a lover that's worth pursuin'
Honey could it be you? Could it be you?

Darlin, darlin', darlin, darlin, a little closer
Can't you see that I'm lonely?
Oh my lover, lover, please discover, a little bit more
You might be my one and only

Don't ask much
Just a hand to hold and understand growin' old as I slow on down
Midnight touch
To say "You'll be all right, you're gonna make it through the night for another round."
Thinkin' 'bout things you been sayin'
Reminding me of that lady I once knew
I'm lookin' for a lover that's worth pursuin'
Honey could it be you? Could it be you?

Darlin, darlin', darlin, darlin, a little closer
Can't you see that I'm lonely?
Lonely, lonely, lonely, lonely, lonely
Oh my lover, lover, please discover, a little bit more
You might be my one and only
