

Bury Your Dead, Burn Baby Burn

My friends, my family, it's for all you kids.
Hardcore is everything, it means the world to me.
The scene, my brothers, my true friends, and my fucking family.
GO! I trust my sincerity
and I don't know where I'd be without this fucking scene.
Without this hardcore scene.
I'd lay down my life for my family.
My friends are everything to me.
I love them with all I have.
Through fights and hardships,
I know they'll be there, they'll be there,
they'll always be right by my side.
